CATCH UP PREMIUM 2020/21

Primary schools are being allocated £80 per child in Reception to Year 6 to support catch up for lost teaching during the Covid-19 school closures of last academic year. Schools have the flexibility to use this funding in the best way for their cohort and circumstances e.g. small group or 1:1 support.

With 198 children on roll, this equates to approximately £15,840. This amount is to be paid in 3 tranches across the year.

This is how we are spending the Catch Up Premium this year:

Intervention for pupils entitled to Pupil Premium	Funding from
Reception Early Language Programme	£3000
Full time TA in class & intervention support in Year 1	£2000
Full time TA in class & intervention support in Year 2	£2000
Part time TA in class & intervention support in Year 3	£2000
Part time TA in class & intervention support in Year 4	£2000
Part time TA in class & intervention support in Year 5	£2000
Part time TA in class & intervention support in Year 6	£2000
Additional resources	£1000
TOTAL	£16,000

The impact of this additional adult support and intervention for target children will be tracked through assessment checkpoints and pupil progress.
