

# Dexter Mail

## Partridges!

Class 2 have been very excited about meeting their new fluffy classmates. The children have been watching the chicks hatching in the incubators and observing their wings developing. In class, they have had a chance to hold the little chicks to look at them more closely.

## Music Makes Me Concert

Class 5 attended *Music Makes Me*, a huge celebration of diversity through music at the Royal Albert Hall, organised by the Tri-Borough Music Hub. The children worked incredibly hard to learn all the different songs and Makaton. The narrative of the story charts a day in the life of a neuro-divergent young person, and it shows how music helps her emotionally regulate, socially interact, and build her independence for adulthood. Well done also to the members of the orchestra and choir from Y6!

## Trip

Class 6 rounded off their SMA trips with a very exciting visit to see *Back to the Future: The Musical!* Let's hope this has given them some inspiration for their upcoming production!

## In Class

In Science this week, Class 4 were testing whether classroom materials were conductors or insulators.

Wishing everyone a Happy Pride!
