

Art
Edition

SMAil

Class 6 has been working on mixing tints, tones and shades to create depth and reflections within landscape painting.

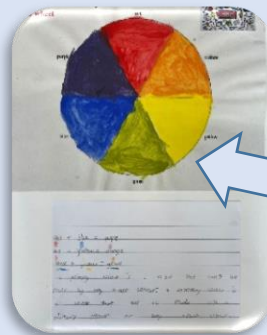

Class 5 has been implementing their knowledge of colour mixing and theory to create fantasy landscapes!

Friday 6th October - Issue 4

Class 2 has been making colour wheels by mixing paint to create primary and secondary colours.

Class 3 has been looking at how artists use colour to create warm and cool moods. They used complementary colours to create their own art using patterns.

Class 1 has been looking at and discussing similarities and differences in colourful art.

Class 4 has been studying colour theory, looking at the principles of warm, cool, tertiary, analogous and complementary colour families.

Reception went on autumn hunts and sorted the different natural items they found for their home learning. This week, they read *Leaf Man* and used these natural resources to create transient art!

Class	Attendance
R	94.7 %
1	96.3 %
2	98.3 %
3	98.5 %
4	96 %
5	96.8%
6	90 % * authorised secondary school visits
Whole School	96.3 %
